

INDUSTRIAL CLEANERS *Solutions*

STATE SAFETY SOLVENT DEGREASER™

- Removes grease and tough grime from cables and metal surfaces
- Non-flammable, non-conductive
- Blast action flushes hard to reach spaces

CARE FOR WORK ENVIRONMENTS®

STATE SAFETY SOLVENT DEGREASER™

POWERFUL DEGREASER

Safety Solvent Degreaser's powerful solvent formulation attacks greasy deposits on contact. Blast action flushes hard-to-reach places. Fast evaporation leaves no residue to attract dirt and grime, and there is no need to rinse the equipment.

SAFE TO USE

Safety Solvent Degreaser has no flashpoint and is completely non-flammable. Safety Solvent has a dielectric strength of 37,000 volts and can be used on electrical equipment without concern about shorting out equipment or shocking workers.

APPLICATIONS:

- Air Condensing Motors
- Air Conditioning Systems
- Aviation Engines
- Oil Tanks & Radiators
- Bearings
- Control Points
- Dewax Machines
- Electric Motors
- Elevators
- End Bells
- Stator Frames
- Rotors
- Fire Alarms
- High Voltage Cables
- Power Lines
- Intermediate Gears
- Mechanical Equipment Motors.

DIRECTIONS FOR USE:

NOTE: Do not use on plastics. Harmful to some paints. Pretest in a small area. For use on cables, refrigeration and air conditioning units and parts, engines of all types, large and small electrical motors, outboard motors, magnetos, generators, electrical equipment and contacts, kitchen exhaust fans and vents, small power and hand tools. For parts degreasing, spray on and wipe off. For cable cleaning, spray onto a lint free cloth and apply to surface.

TECHNICAL INFORMATION

APPEARANCE: aerosol with stream spray

ODOR: chlorinated solvent

pH: N/A

DIELECTRIC STRENGTH: 37,000 volts

COLD STABILITY: 0°F

SHELF LIFE: 2 years

PACKAGING

129241-12

18 OZ Aerosol/CS12

Canada
6935 Davand Drive
Mississauga, Ontario L5T 1L5
